Description

The Coshee 3 tent is designed for backpackers who need reliability and quality on a modest budget.

â–° This 'wedge' style tent offers a good all round specification.

â–° It's quick and easy to pitch, the inner comes attached to the flysheet, allowing the tent to be "pitched as one".

â–° This makes it ideal for speed pitching in wet weather, taking only around 8 minutes to pitch from start to finish!

â–° Using colour-coded Wild Country Superflex alloy poles, it is simple to pitch and reliable whilst remaining relatively lightweight.

â–° Taped seams with a Wild Country high performance flysheet, Condensation Management venting and groundsheet fabrics provide excellent cover from the elements - offering full waterproof protection.

â–° There are two doors on Coshee 2 tent, giving easy access / exit for both occupants!

â–° Black reflective guylines

[Groundsheet protectors \(footprints\)](#) can be purchased separately to prolong the life of the tent groundsheet and help keep it clean
