Description

The Southern Cross 1 takes its design inspiration from the award winning Laser range of lightweight tents

- Includes an additional pole to provide extra stability and structure.
- Pitching is quick and easy as the flysheet and inner are erected as one and the flysheet and groundsheet are fully taped providing complete waterproof protection.
- Due to its 100% freestanding nature, pegging is kept to a minimum when optimising its strength / weight ratio.
- There is a spacious inner and porch, the porch door can be fixed open in several ways to provide the most suitable weather protection for the current conditions.

A 2 person version of this tent is also available [Southern Cross 2](#)
