Description

6 man air tents

The Zonda 6 EP 6 man air tents are ideal for weekends away or longer family holidays with all the features and benefits you would expect from a Wild Country tent. The Air Flex poles (which come with a 10 year guarantee) combined with a rectangular floor plan make pitching swift and simple plus the innovative oversize tarp style tent bag makes packing away a breeze.

With over 35 years of experience and expertise in designing tents we have used our knowledge to create 6 man air tents with the perfect combination of useful features, reliability and ease of use to and make your camping trip as enjoyable as possible.

• The light and airy living area has a fully sewn in main groundsheet to keep drafts and bugs away. Adjustable air vents with insect proof mesh panels are provided for comfort in warmer weather. The large tinted windows have adjustable privacy curtains and the bedroom section, which is made from a carefully selected black fabric, is divided into three compartments by way of removable partitions.

• The extended porch (EP) has a detachable bathtub style groundsheet providing maximum versatility no matter the weather.

• For your lighting and gadgets twin electrical hook up access points on either side of the tent mean you don't need to worry about where you pitch in relation to the hook up point at the campsite.

• The 12cm large diameter Air Flex inflatable poles provide excellent stability and are easily inflated with the supplied slim-line double action hand pump that has a built in pressure gauge. A comprehensive repair kit and inflation valve tool are included for convenience. The red webbing end guy lines are not only easy to see but aid pitching and are secured with substantial V style steel tent pegs. The reflective side guy lines are both quiet in use and provide affective security in blustery conditions.

• Should the weather be a little less than kind the tent will keep you dry. The flysheet is made of a robust 150 Denier Ripstop Polyester fire retardant fabric which is factory seam taped and waterproof tested to 6000mm Hydrostatic Head.

If you are looking at 6 man air tents then the Zonda 6EP is of worthy consideration.
