## Description

### Campervan driveway awning

For those with a camper van the Zonda Drive Away gives you lots of flexibility by making it straightforward to driveaway during your stay, leaving the awning behind with its doors closed.

Designed thoughtfully by Wild Country the campervan driveway awning packs easily into your van and is simply inflated and pitched. Inside it's light and airy with large tinted windows which come with privacy curtains.

• There's plenty of ventilation and insect proof mesh panels on the side and front door plus a sewn in groundsheet in the main area of the driveway awning to keep any drafts and bugs away.

• We've paid attention to small details which make your camping stay easier, such as providing electric hook up access points on both sides of the awning so you have one less thing to think about at the campsite.

• The Air Flex poles (which come with a 10 year guarantee) are a breeze to pitch. When it's time to go home the tarp-style tent bag provides plenty of room to roll up the awning and pack it away. We've included detailed instructions and top tips for pitching and packing away our campervan driveway awning too.

#### Zonda Drive Away Awning Features

- 10cm Air Flex poles for rapid pitching which come with a 10 year guarantee
- Webbing guy lines at front corners for stability
- Rectangular floor plan for easy pitching
- Sewn in living area groundsheet to help keep bugs and drafts out
- Large tinted windows with privacy curtains
- Insect proof mesh panels on side and front doors
- Two electrical hook up access points
- Lantern hanging points
- Oversize tarp-style tent bag which makes it easier to pack away
- Slim-line double action hand pump with pressure gauge included
- Repair kit and valve tool to tighten valves included

Comes with 4mm and 6mm kador strip plus an open channel that allows attachment via older systems.

Requires a suitable driveway kit (not supplied) matched to your kador rail size.

Can also be attached using the 3 over-van guylines

A Footprint to protect the groundsheet and keep it clean is available (supplied separately).
