Description

Trisar 2D - 4 season 2-man tent

The Trisar 2D is based on the iconic Terra Nova Quasar tent, it's a free-standing design that pitches inner first and is a good choice when ground conditions make pegging out difficult. If you're looking for a tried and tested tent for year round adventures and expeditions then this is an ideal option.

â—° The Trisar 2D has front and back ventilation and both vents can be adjusted from the inside of the tent. The flysheet doors are particularly versatile - opening from the top, bottom or fastening at the side, allowing you to cater for changes in weather and weather direction.

â—° With 2 porches and 2 doors the tent is versatile for storing gear and access.

â—° The Trisar range uses Wild Country Superflex alloy poles and tried and tested Wild Country, high performance polyester flysheet and groundsheet fabrics.

â—° Updated with tarp style easy to pack tent bag making it easier to pack away it's time to move on.

Footprints to prolong the life of the tent and help keep it clean can be purchased [here](#).

A 2 person and 3 person version with 1 door are available Trisar 2 and Trisar 3.
