Description

Hoolie 6-man tent

This is an ideal 6 man tent for families looking for a style they can stand up in and easily fits in the boot of a car when they head off for weekend or shorter duration trips.

â–°The Hoolie 6 tent offers a great space to weight/pack-size ratio

â–°This tent can comfortably sleep 6 people in the 2 bedrooms, or sleep upto 4 in the main bedroom and use the second bedroom for extra living or storage space to keep gear out of the way.

â–°Inners can be removed independently for more living space, removing the 2 person bedroom allows the front door to be used.

â–°The Hoolie range of tents are an easy to pitch tunnel design – they pitch with the flysheet and inners together and have colour coded poles.

â–°This 6 man tent includes plenty of ventilation, a central living area and the option is using front and side doors.

â–°Constructed from reliable Wild Country Superflex alloy poles and tried and tested high performance flysheet and groundsheet fabrics. It's taped too for waterproof protection.

Groundsheet protectors (footprints) can be purchased separately to prolong the life of the tent groundsheet and help keep it clean. Footprints also cover the porch area of the tent which helps keep gear protected and off the ground [Hoolie 6 Footprint](#).
