Description

2 person 4 season tunnel tent with nylon flysheet by Wild Country

Designed for those looking for a solid, 2 person, 4 season tunnel tent with a good space to weight ratio.

↳ Unusually for Wild Country tents, the Blizzard 2 has a nylon flysheet for improved durability and lighter weight. It's taped too, to provide the reassurance of a fully waterproof shelter. We've included 3 poles which will give added stability over a 2 pole tunnel design and along with the low profile shape should give you the confidence to venture out all year round.

↳ It is easy to pitch and comes with a tarp style bag making it easier to pack away when it's time to move on.

↳ If you're an adventurer looking for year round performance or a traveller wanting to shed precious grammes then the Blizzard 2 is a good option for you.

A 3 person version of the tent is available the Blizzard 3.

Footprints to prolong the life of the tent are available [Blizzard 2 Footprint](#)
