Family Air Tents and Accessories

With over 35 years of experience and expertise designing Terra Nova and Wild Country tents for use in some of the most extreme places on the planet, we've applied our wealth of knowledge about materials, structure and fabrics to create robust, well thought-out family tents. Following their recent launch, the Zonda range of inflatable tents is rapidly establishing itself as the choice for more adventurous families.

Designed to provide the perfect combination of comfort, useful features, reliability and ease of use, our aim is to remove the hassle and make camping trips as enjoyable as possible.

Light and airy colour schemes, tinted windows and large porch doors which can be fully or part opened, provide comfortable accommodation whatever the weather. When it comes to bedtime, dark bedrooms help everyone get a better night's sleep.

There's plenty of insect proof ventilation for hot summer days but a draught proof living area if the weather turns cooler, along with privacy curtains for greater seclusion.

Pitching and packing away is swift and simple, with the rectangular floor plan and oversized tarp-style bag to roll the folded tent in and out of. For extra reassurance we've provided a 10 year guarantee on the sturdy Air Flex inflatable poles.

From the 4 person model, ideal for smaller families or couples, to 6 and 8 person styles which enable people to create a home from home on longer holidays, plus our range of folding chairs, comfortable sleeping mattresses and luxury sleeping bags, our range covers something for every family camper.

ZONDA 6EP Six Person Inflatable Air Tent

Perfect for weekends away or longer holidays with family and friends, the Zonda 6EP 6 person air tent is easy to pitch and provides fabulous accommodation. The light and airy living space and enclosed porch provide comfortable accommodation and darker bedrooms help everyone sleep better. The Air Flex poles (which come with a 10 year guarantee) combined with a rectangular floor plan make pitching swift and simple. Plus, the innovative oversize tarp style tent bag makes packing away a breeze.

Key Features

- 12cm Air Flex poles for rapid pitching
- 10 year guarantee on Air Flex poles
- Rectangular floor plan for easy pitching and webbing end guy lines for stability
- Sewn in living area groundsheet to keep bugs and drafts out
- Specially selected black fabric three compartment bedroom with toggled in dividers to help everyone sleep well.
- Large tinted windows with privacy curtains
- Insect proof mesh panels on side doors and inner windows
- Large insect proof vents along the side of the bedroom area
- Two electrical hook up access points and lantern hanging points
- Oversize tarp-style tent bag which makes it easier to pack away
- Slim-line double action hand pump with pressure gauge included
- Repair kit and valve tool to tighten valves included
- Carpet and footprint available separately

ZONDA 4EP Four Person Inflatable Air Tent

Perfect for smaller families or couples the Zonda 4EP has all the great features of our inflatable tents in a more compact version. The smaller dimensions allow the use of 10cm diameter Air Flex poles that contribute to a smaller packed size. If you are looking at 4 man air tents then the Zonda 4EP is an ideal choice and great for weekend getaways as well as longer holidays for up to 4 people.

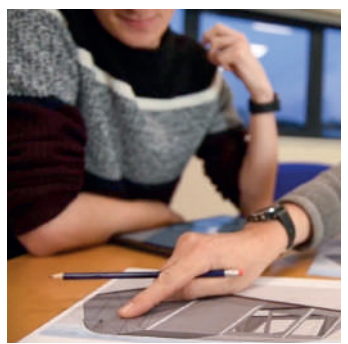

Key Features

- 10cm Air Flex poles for rapid pitching
- 10 year guarantee on Air Flex poles
- Rectangular floor plan for easy pitching and webbing end guy lines for stability
- Sewn in living area groundsheet to keep bugs and drafts out
- Specially selected black fabric two compartment bedroom with a toggled in divider to help everyone sleep well.

Fabric Information

Given our heritage in mountain tents and extensive knowledge in developing performance fabrics, we have selected durable materials to withstand the rigours of family camping trips and provide peace of mind should the weather put the tent through its paces.

Flysheet	150D PU Polyester Ripstop 6000mm HH

Groundsheet and Footprint	Heavy duty PE
Air Flex Poles	12cm diameter in 6EP and 8EP 10cm diameter in 4EP

Deluxe Self Inflating Sleeping Mattresses

Our luxurious self inflating sleeping mats have been designed to help you get a good night's sleep on your camping holiday. The top and sides are made from a soft feel stretch polyester fabric that helps mould the mat to your shape while the base is made from a heavier duty 190T polyester for durability. The mat is filled with 10cm deep PU foam for insulation that has horizontal cores cut into it to remove weight and bulk whilst speeding up inflation and deflation. We use a durable TPU air tight coating on the inside of the outer fabric and screw-top valves to prevent accidental deflation. The valves have three-positions for convenience, fully open position for speedy inflation/deflation, a top up position so you can regulate the firmness of the mat and a pack away position that helps prevent re-inflation when you are packing the mat away. Supplied in a side opening carry bag for easy pack away that also has compression straps to reduce the transport size.

- 30D knit polyester top and sides
- 190T polyester base
- PU foam insulation with horizontal cores to remove bulk
- TPU air tight fabric coating to help prevent deflation
- Two 3-position valves for easy inflation and deflation
- Carry bag with compression straps

Curbar DLX Double

Curbar DLX Single

	Pack Size	Mattress Size	Weight
Curbar DLX Double	68 x 40cm / 27" x 16"	210 x 128 x 10cm / 82 x 50 x 4"	4.75kg / 10lbs 7oz
Curbar DLX Single	80 x 23cm / 32" x 9"	210 x 76 x 10cm / 82 x 30 x 4"	2.88kg / 6lbs 5oz

Sleeping Bags

Our luxurious sleeping bags are the perfect choice for a good night's sleep on your camping holiday. We've used soft to the touch fabric that feels instantly warm and comfortable on the inside and a ripstop weave on the outside for durability. The zips allow versatile use; the bags open at the side(s) and foot end and can be unzipped completely to use as a quilt. The double bag can also be used as two singles for ultimate flexibility.

NEW Burbage Grande Single Bag

Sales Support

Zonda Features and Walk Around Tour Videos

Take a virtual tour around each Zonda tent model. These videos give customers a good overview of each tent model and provide an indication of space and scale.

There's also a Features Video which highlights the thought and detail that's gone into designing the Zonda range of tents by showcasing various elements.

The play list for the Zonda tent videos is on our YouTube channel [youtube.com/WildCountryTents](https://www.youtube.com/WildCountryTents)

Zonda Tents Pitching Videos

Wild Country inflatable family tents are designed to be simple and easy to pitch and put away. This video provides step by step instructions on how to pitch the Wild Country Zonda range of inflatable family tents with some close-up tips such as the air valves and pump. It also (more importantly) shows you how to deflate and pack the tent away at the end of your stay to make sure it fits neatly into its bag.

The video is designed to help customers once they have made their purchase but is also a good pre-sales tool to show customers how straightforward pitching and packing away a Zonda tent can be.

The video is hosted on our YouTube channel <https://youtu.be/j01qYMi8FsU>
