Pile Jacket/Bodywarmers

Our primary aim with these products has been to give value for money, which we think we have achieved! At the same time we have used top quality fabrics and then sewn them to our normal high standards, so you can be sure of good quality. Although not as fashionable as Fleece tops, their performance is at least equal, if not better. They are also easy to care for, and long lasting.

Features

- High stand up collar
- Patch pockets
- 100% polyester pile fabric (the best)
- Great value

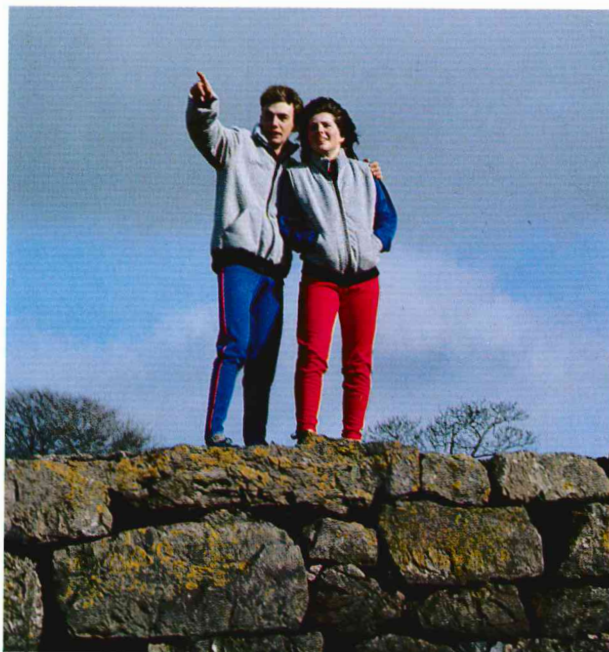

Info

Colours: GREY (navy trim)
NAVY

Sizes: S(34-36) M(38-40)
L(42-44) XL(46-48)

Prices: **Jacket** £14.50
Bodywarmer £11.50

Order Codes: Jacket PL.
Bodywarmer BW.

Underwear

New for this season. A superb range of thermal underwear, using a brushed polypropylene fabric. This gives a very good combination of high warmth with low bulk and weight. It is also softer and more pleasant in use than the normal rib knit fabric. So don't suffer this winter, treat yourself to some inner warmth!

Features

- Highly brushed polypropylene fabric
- Flat seams (no rubbing)
- Unisex designs (sorry women but only flyed longjohns this year)
- Easy care
- polypropylene cuffs (dry very quickly)
- Reasonable prices

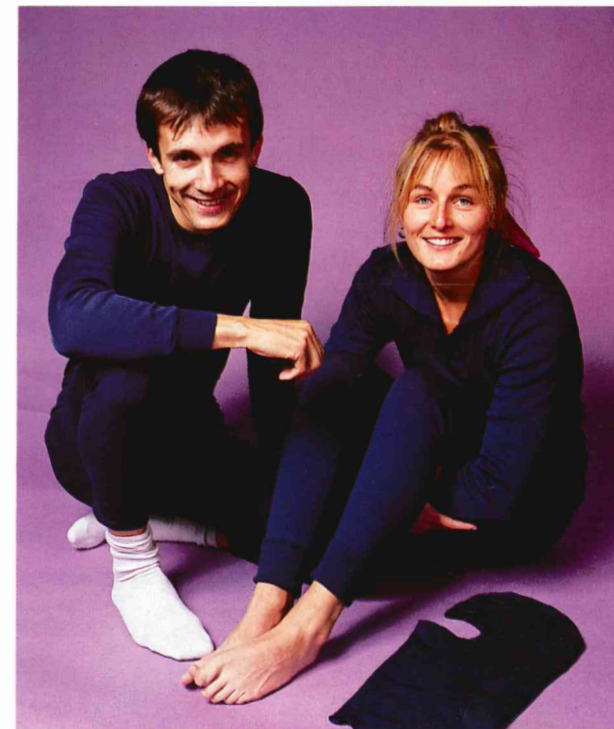

Info

Colour: navy only

Sizes: S.M.L.XL

Prices: **Vest (Not Polo)** £16.50
Longjohn £16.50
Balaclava £5.50

Order Codes: Vest UV.
Longjohn UL.
Balaclava UB.

Koala's

So called because they are soft and cuddly, yet very strong, and are seen hanging around a lot. These smart and comfortable tops are made from POLARLITE® fabric. The advantages of this brilliant fabric are its good looks, (which stay even after prolonged heavy use) and its easy care, just bung it in the washing machine, hang it up to dry, (which it does very quickly) and it's ready to go again. We have used a simple smock design, with snap closure neck and 2 large zipped pockets. They are available in 4 smart colours, with the neck and pocket zips finished in contrasting trim.

Features

- POLARLITE fabric (looks great performs well)
- 2 large zipped pockets
- Attractive colours
- Quick drying
- Easy Care
- Long lasting

Info

Colours: TURQUOISE (purple trim)
JADE GREEN (purple trim)
BLACK (turquoise trim)
MAGENTA (black trim)

Sizes: S(34-36) M(38-40)
L(42-44) XL(46-48)

 Sizes: S.M.L.*
 Price: £18.50
 O/Code: OM.

*For more information on sizes see order form.

Without doubt the most effective cold weather protection available. The integrated three part system will keep your hands warm and dry in almost any conditions, and because any part of the system can be used separately, it is very versatile.

1. Inner Layer: Thermal Gloves

Made from medium thickness thermal material to provide warmth and dexterity without undue bulk. The fabric is lightly brushed on the inside for extra warmth.

2. Mid Layer: Pile Mitts

These simple but functional pile mitts are highly effective when fitted into the overmitts. The Polyester pile provides excellent insulation, and is hardwearing, fast drying, and lightweight.

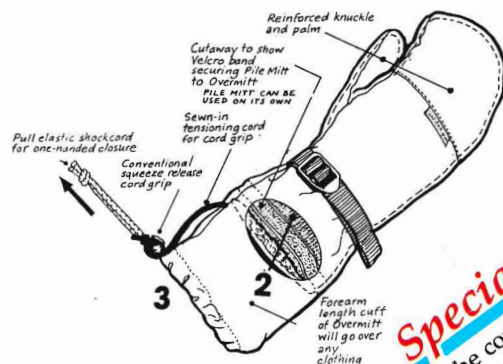

3. Outer Layer: Overmitts

IN WINTER CONDITIONS IT IS ESSENTIAL THAT OVERMITTS ARE TOTALLY WATERPROOF, WINDPROOF, BREATHABLE, AND SIMPLE TO USE. By ingenious design and the use of a combination of heavy duty CYCLONE fabric for the palm and knuckle, and highly breathable TECHNIQUE XP fabric on the main body, we have achieved all four criteria. Using a clever system, the elasticated drawcord closure can be easily adjusted using one mitt hand, thus eliminating the normal problem of putting on and fastening the second mitt.

Features

- Complete versatility
- Warmth with dexterity using the THERMAL GLOVES
- PILE MITTS for removable warmth (easy drying) located with VELCRO
- Overmitts are totally waterproof and windproof
- Breathable
- Taped seams
- Heavy duty palm and knuckle guard
- Adjustable wrist strap
- Elasticated singlehanded drawcord closure

Dear All.

At last a decent summer, no good for waterproof sales, but great fun and makes one want to move to California, so we could have it all the time. Knowing how these things work I am sure it means we will have a hard winter to make up for it. To that end we have added a range of underwear, to help you cope with all that wet and cold weather to come. The fabric is really good, very soft and comfortable and with good wicking. Wicking is the most important feature of underwear, as it keeps you dry at skin level by transferring dampness away to the outer surface of the fabric.

We have redesigned our top of the range Spindrift and Neve waterproofs to make them even more functional. By now using just two layers instead of three we have made them lighter and improved their breathability.

We have added some accessories, socks and headwear, to round out our Winter range so you can keep your head, feet and of course hands warm. Talking of hands we have redesigned the overmitts of our Wintermitt system, to give better performance. New materials give better breathability, more tear strength and an expensive new taping machine means we can now tape the critical thumb seam in a better way.

We hope you like the new brochure, and new products. As you can see from the redesigns, we are always striving to improve our products. So if you have any comments, complaints etc. please let us know, you never know we might even redesign something after talking to you.

Best wishes.

BEN WINTRINGHAM.

If you are not completely satisfied with your purchase, you may return it, unused, within 21 days for a full refund.

Rock Shop

Personal Callers

Our shop in Llanberis stocks the complete range of Wintergear products, so if you prefer to buy in person our Manager Richard Pierce, and his staff would be delighted to help you.

As well as the full range of Wintergear products, the Rockshop stocks outdoor equipment from most major manufacturers. We also pick our staff for their knowledge, so we are able to give relevant advice for the products we sell.

The shop is open all weekend and also stays open late on a Saturday evening. So if you are in Wales at anytime we would be pleased to see you and give you any assistance you need.

Photos

Interesting, witty or unusual photos of WINTERGEAR products in use are so desperately needed that we may be persuaded to part with *real* money in exchange for them! We cannot take responsibility for loss or damage so if they are precious we suggest you have copies made. Photos used in publicity material will be credited with the name of the photographer.

Our Guarantee

ALL WINTERGEAR products are unconditionally guaranteed against defects in materials and workmanship. If a product fails due to a manufacturing defect, even after extended use, we will repair the product without charge, or replace it, at our option. This guarantee is in addition to your statutory rights.

Boots

These two boots were very popular this summer and so we have included them again. The Burma boots are a great value fabric boot, not waterproof but very hard wearing and comfortable. The Campus boots, look great, perform well, and do not cost the earth. Both these boots are not recommended for winter mountain use, but are ideal for more general use.

Actionlite Waterproofs

These lightweight waterproofs have been very well received this year. The Trilobal nylon fabric has a special breathable pu coating to our own specifications. This gives good performance, without costing an arm and a leg. The suit is cut for good freedom of movement, whilst still being smart.

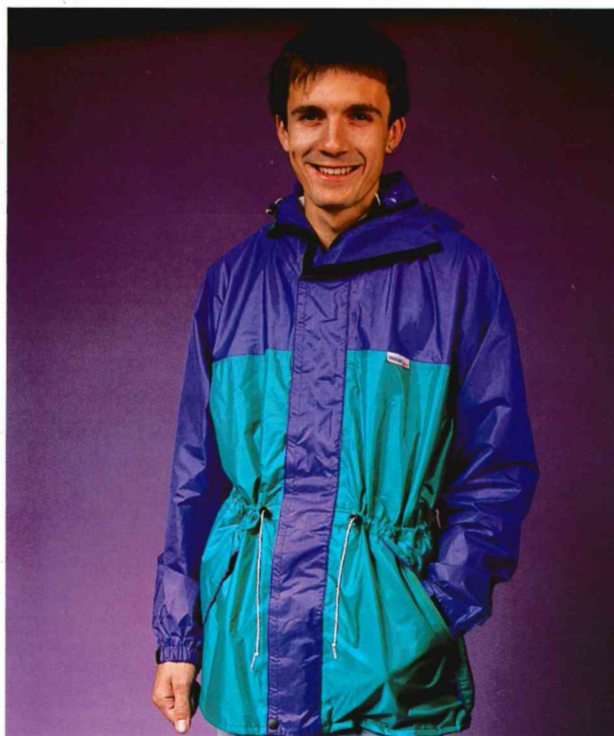

Features

Jacket

- VELCRO® front flap
- Clever wired hood design
- 2 zipped front pockets
- Elasticated waist drawcord
- Packs into its own pocket (with belt loops) See Photo
- Lightweight, only 300 grams (average weight for a medium size)

Overtrousers

- Elasticated waist
- 18" side zips
- Clever VELCRO® and elastic bottom closure
- Packs into its own pocket (with belt loops) See Photo
- Lightweight, only 40 grams (average weight for a medium size)

Spindrift and Neve

Redesigned

Completely redesigned for this season, this system uses the drop liner principle, to give a good combination of softness, quietness, and performance. We used a third layer before, but have found we get better breathability with the new 2 layer. The outer fabric is tough, but soft Tactel fabric, and the drop liner is the superb waterproof and breathable Sympatex® fabric, (fully taped of course). This suit is ideal for winter mountain use, as well as the more usual heavy summer rain conditions.

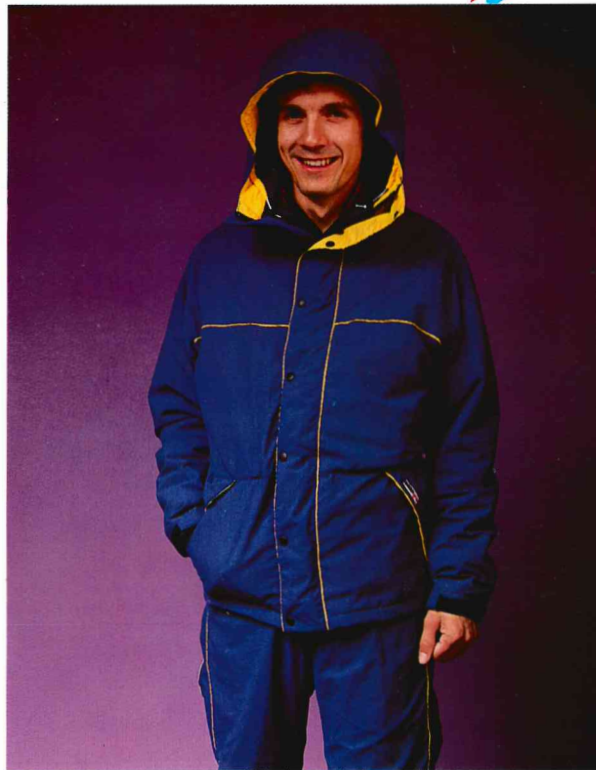

Features

Spindrift (Jacket)

- Double prestudied front flap system
- Elasticated waist and hem drawcords
- Wired visored integral hood
- Internal map pocket
- 2 skirt pockets
- Elastic and velcro® adjustable cuffs

Neve (salopette)

- Full length double opening side zips with velcro® flaps (enables you to put them on whilst still wearing crampons or skis)
- Crutch to chest 2 way zip with prestudied flap (for convenience and ventilation)
- 2 chest pockets
- Elasticated braces and waist
- Double fabric on the knees, seat, and ankles (crampon protection)

Info

Rucsac

This simple straight forward sac is made with top quality fabrics and fittings to give very good value for money. A lot of modern sacs have lots of extra special features, which in our opinion normally just add extra weight, with little practical use, and of course extra cost. So we have produced a sac with all the important features, but no extra fancy fittings.

Features

- Texturised coated nylon fabric
- Padded back
- Curved shoulder straps
- Ice axe fixtures
- Crampon fixture
- Top pocket
- Side profile straps
- Waist belt

Info

Colours: ROYAL BLUE WITH
NAVY (side panels)

Pants

These comfortable lightweight trousers are the ideal wear for outdoor activities. Smart enough for everyday wear, but tough enough for activities such as climbing. The Tactel fabric is ideal for trousers as it feels comfortable to wear, lasts well, dries instantly, and washes easily. We have two designs, the Action which has an elasticated waist but no fly, and the Casual which has a fly front as well.

Features

Action Pants

- Elasticated waist with drawcord
- 2 front pockets
- Freely cut
- Special leg lengths available (see order form)

Casual Pants

- Fly front
- 2 front pockets
- 1 zipped rear pocket
- Elasticated waist plus belt loops
- Freely cut
- Special leg lengths available (see order form)

Info

Colours: GREY, PURPLE, NAVY, TURQUOISE.
