autumn/winter 1988/89

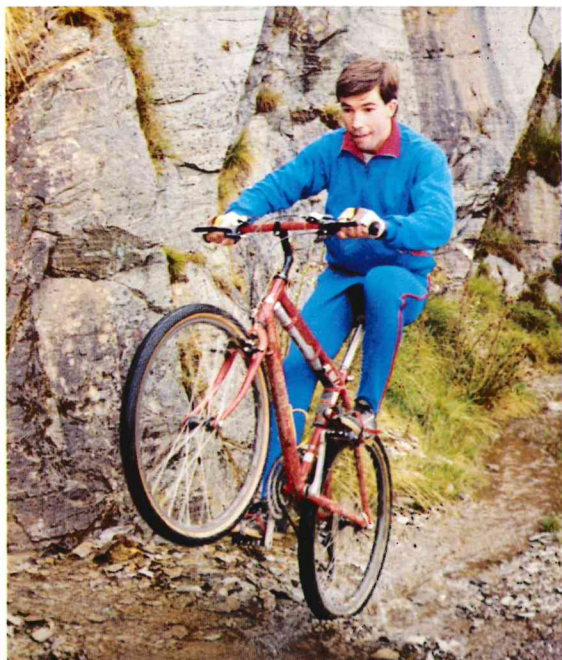

trax and toptrax

Photo: P. Johnstone

These multi-function garments are ideal for climbing, walking, cycling, running etc., in fact you name it, they're probably used for it! Both garments are made from high quality two-way stretch polyester fabric that is slightly brushed on the inside for comfort and warmth. It's fast drying, hardwearing and reasonably wind resistant.

Photo: Andrew Knibbs

trax

Feature a fine contrasting stripe down the outside of the leg matching the colourways of the TOPTRAX. A small internal pocket takes care of keys etc., and the flat elastic stirrup strap prevents TRAX 'riding up'. (This can easily be removed if not required). The waist is elasticated and has a draw-cord as well.

toptrax

This over-the-head design is simple and effective, featuring a front pouch pocket and short neck zip. The cuffs are a knitted stretch type and the hem is elasticated. The colour details co-ordinate with those of TRAX and the cut is designed to give good freedom of movement around the arms and shoulders without causing the garment to ride-up unduly.

trax

Colours **navy** (yellow stripe), **red** (blue stripe), **royal** (red stripe), **black** (red stripe), **yellow** (blue stripe).
 Waist sizes **S** (26-30) **M** (30-33) **L** (33-36) **XL** (36-40)
 Inside leg lengths **S** (30) **M** (31) **L** (32) **XL** (33)
 **Please allow plus or minus 1" tolerance due to stretch of fabric and see order form for more information if you require a special leg length
 Price **£11.95**

toptrax

Colours **navy** (yellow), **red** (blue), **royal** (red), **black** (red).
 Chest sizes **S** (34-38) **M** (38-40) **L** (42-44) **XL** (46-48)
 Price **£19.95**

nomad jacket

This is the sort of jacket that lives on the back of a door when it's not on the back of its owner, you won't find the Nomad tucked away in a wardrobe. Yes it is a jacket for the hills, but really its uses are limitless. It looks like a stylish street garment but it performs like a mini duvet. The combination of deep polyester pile for insulation, and the wind resistant TACTEL® nylon shell, creates a jacket that's as warm and functional as it is good looking.

Colours **grey** (cerise trim),
turquoise (cerise trim).

Sizes **S, M, L, XL.**

Price **£39.95**

basic pile jacket and body warmer

These great value garments are made to our normal high standards, using top quality fabrics, but by careful design and by having a limited colour choice we have produced functional garments at a very competitive price.

(Body Warmer not illustrated)

Colours **grey** (navy trim),
navy

Chest sizes **S**(34-36) **M**(38-40)
L(42-44) **XL**(46-48)

Price **Jacket: £12.95**
Body Warmer: £9.95

koala's

Photo: P. Johnstone.

Photo: P. Johnstone.

So called because they are soft and cuddly, yet very strong, and are seen hanging around a lot. These smart and comfortable tops are made from POLARITE® fabric. The advantages of this brilliant fabric are its good looks, (which stay even after prolonged heavy use) and its easy care, just bung it in the washing machine, hang it up to dry, (which it does very quickly) and it's ready to go again. We have used a simple smock design, with snap closure neck and 2 large zipped pockets. They are available in 4 smart colours, with the neck and pocket zips finished in contrasting trim.

NEW

Koala Hats

Made from the same fabric as the tops these simple hats are very comfortable and attractive. They are two tone, with the main colour matching the tops.

Koalas

Colours **turquoise** (purple trim), **green** (purple trim), **black** (turquoise trim), **magenta** (black trim).

Chest sizes **S**(34-36) **M**(38-40) **L**(42-44) **XL**(46-48)

Price **£39.95**

Koala Hats

Main colours **turquoise, green, magenta.**

Sizes **M, L.**

Price **£8.50**

the wintermitt system

Without doubt the most effective cold weather hand protection available. The integrated three part system will keep your hands warm and dry in almost any conditions, and because any part of the system can be used separately, it is very versatile.

1. Inner Layer: Thermal Gloves

Made from medium thickness thermal material to provide warmth and dexterity without undue bulk. The fabric is lightly brushed on the inside for extra warmth.

2. Mid Layer: Pile Mitts

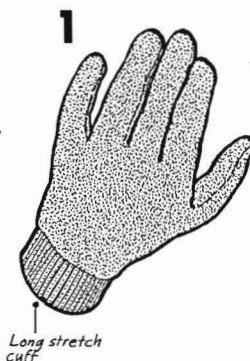

These simple but functional pile mitts are highly effective when fitted into the overmitts. The Polyester pile provides excellent insulation, and is hardwearing, fast drying, and lightweight. Pull elastic shockcord for one-handed closure.

Thermal Gloves

Colours **black**
 Sizes **S, M, L.***
 Price **£4.95**

Pile Mitts

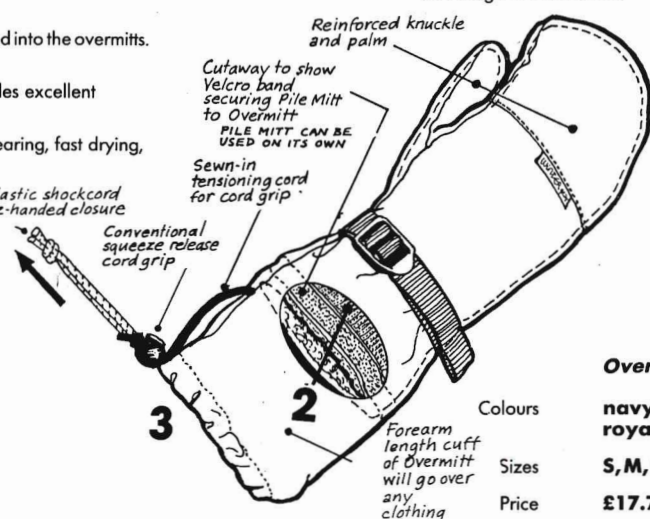

Colours **navy**
 Sizes **S, M, L.***
 Price **£3.55**

3. Outer Layer: Overmitts

In winter conditions it is essential that overmitts are totally waterproof, windproof, and simple to use. By ingenious design and the use of tape seam sealed CYCLONE® fabric, we have achieved all three criteria. The palms and knuckle areas have heavy duty 6oz fabric for longer life (double on the knuckles). Using a clever system, the elasticated drawcord closure can be easily adjusted using one mitted hand, eliminating the normal problem of putting on, and

fastening the second mitt.

Overmitts

Colours **navy/red, royal blue/red**
 Sizes **S, M, L.***
 Price **£17.75**

* For more information on sizes see order pages.

WINTERgear

Unit 23, Cibyn Industrial Estate
 Caernarfon
 Gwynedd LL55 2BD
 Tel (0286) 2270

Dear WINTERGEAR customer.

As we write this new catalogue we are in the middle of the postal strike, and are wondering if we still have a business. If you receive this we must have weathered the worst.

The new basic pile jacket has been a great success for us, and we are therefore adding a second colour to give you greater choice. We have not had the time yet to develop more basics but we are fully intending to. We feel that the outdoor market at present is getting obsessed with more and more expensive garments with lots of bells and whistles on, and is neglecting the purely functional end of the market. Our design criteria for basics will be 1) must be functional 2) must be durable 3) the price must be right.

The big new item we have added to our range this Winter is the ACTIONLITE SUIT This attractive two tone jacket and overtrouser combination is made from a special Waterproof/breathable material coated to our own specification. Although not as breathable as SYMPATEX® or GORETEX® fabrics, we have found the performance quite acceptable, and the price means you are not scared of giving it some hard use. Their lightness and ability to pack into their own pockets; means you can easily carry them on a belt for those showery days. YUPPIES have become very popular, except for the name which everybody seems to hate (I can not think why!) so we have renamed them ACTION & CASUAL PANTS, and demands for a special FILOFAX® pocket have been consigned to the bin! We also have added a new colour to the Koala's and a Koala hat (the ideal christmas stocking filler).

The cover photo's were taken by me a couple of years ago in the UTAH desert. The front cover shows CASTLETON TOWER which Marion (my wife) and myself climbed, and the rear cover shows one of the lovely flowering cacti of the area. If everything goes to plan we hope to be able to send you a new Summer catalogue in early spring with a expanded range of Summer products. So until then let us Wish you good times at your chosen sport and better weather than we have had this summer.

Best wishes.

BEN WINTRINGHAM.

the great arete

Being partly owned by WINTERGEAR we try & make sure that all our products are in stock there. So if you prefer to shop in person or if you are just in the area do call in & see Richard the manager or his staff. There is a large range of outdoor equipment from all the top manufacturers in stock, & we also hire some of the key items. Please call in or phone for more details.

photos

Interesting, witty or unusual photos of WINTERGEAR products in use are so desperately needed that we may be persuaded to part with *real* money in exchange for them! We cannot take responsibility for loss or damage so if they are precious we suggest you have copies made. Photos used in publicity material will be credited with the name of the photographer.

our guarantee

ALL WINTERGEAR products are unconditionally guaranteed against defects in materials and workmanship. If a product fails due to a manufacturing defect, even after extended use, we will repair the product without charge, or replace it, at our option. This guarantee is in addition to your statutory rights.

calma rock boots

We are also agents for Calma Rock boots, a full range of these are stocked in the Llanberis shop. For more information and list of stockists please contact us.

Price **£16.95**

action and casual pants

Photo: P. Johnstone.

These comfortable lightweight trousers are the ideal wear for outdoor activities. Smart enough for wearing everyday, but tough enough for activities such as climbing. The TACTEL® fabric used is ideal for trousers as it feels comfortable to wear, yet lasts well, dries instantly and washes easily.

We have made them in two designs. The ACTION version are cut very freely, and come with 2 front pockets and elasticated drawcord waist. (they tend to fit women well).

The CASUAL version are cut on a slightly slimmer cut, but without sacrificing too much freedom of movement, and come with 2 front pockets, 1 zipped rear pocket and fly front. They still have an elasticated waist, but also have belt loops.

belts

Colourful nylon webbing belts with quick release FASTEX® buckles. They fit most trousers, and will of course fit the CASUALS.

Colours **rainbow,
sunset,
black.**

Price **£2.50**

Colours **grey, purple,
turquoise.**

Waist sizes **S(26-30), M(30-33),
L(33-36).**

Inside leg lengths **S(30), M(32),
L(34)*.**

Prices **Action Pants: £19.95
Casual Pants: £24.95**

*If you require special leg lengths please see order form for details.

actionlite waterproofs

new

We have redesigned our lightweight waterproofs for this season, using a lightweight waterproof/breathable fabric proofed to our own specification. This gives a good blend of performance, at a reasonable cost. This attractive two tone suit, is cut for good freedom of movement and features (jacket) VELCRO® front flap, superb wired hood design, 2 front pockets, waist drawcord, and it packs into its own pocket. (overtrousers) Elasticated waist, 18 inch side zips. VELCRO® and elastic bottom closure, and it packs into its own pocket.

spindrift and neve

Photo: Dave Hillebrandt.

The concept of these waterproofs is unique. Three independent high specification fabrics are brought together to produce really outstanding performance. They are combined in each garment, but not laminated together, giving exceptional freedom of movement and the added bonus of creating two insulating layers of air. Spindrift and Neve have all the benefits of a technical mountaineering outfit combined with the qualities of cotton windproofs.

The Outer Layer

TACTEL® nylon is a miracle of modern textile technology. It looks and feels like cotton but it has the performance of lightweight nylon. It's soft, but very tough, wind-resistant, fast drying and it's particularly tear resistant.

The Middle Layer

This is the heart of the design in every sense. It is a fully waterproof, breathable SYMPATEX® membrane with very few seams (all taped of course) and it will eliminate condensation inside the garments in almost any circumstances.

special offer

BUY THE COMPLETE TWO PIECE SUIT AND SAVE £25.00 **£225.00**

The Inner Layer

An exceptionally soft, silk-like nylon with proven wicking ability is used as a lining to really enhance the unrestrictive feel of the garments. Should moisture get inside the suit the lining fabric will quickly disperse it, enabling the SYMPATEX® membrane to transmit it more rapidly to the outside.

Spindrift Jacket

Features: Lined, wired and visored hood with internal elastic draw-cord, elastic and VELCRO® adjustable cuffs, elasticated waist and hem draw-cords with self-gripping toggles, map sized zipped chest pocket plus two skirt pockets, and a waterproof zipped front opening with press studded double flaps.

Colours **grey** (yellow trim).

Sizes **S, M, L.**

Price **£125.00**

Neve Salopette

Features: Full length side zips with VELCRO® flaps enabling them to be put on whilst wearing crampons or skis. A crutch to chest zip with flap gives convenience and ventilation. Two chest pockets for storage, elasticated braces and waist, and double fabric on the seat, knees and ankles.

Colours **grey** (yellow trim)

Sizes **S, M, L.**

Price **£125.00**
