Autumn Winter 1993/94

WILD COUNTRY

Toesters

Designed principally for use in plastic mountaineering and ski boots, Toesters provide very high levels of warmth and comfort. Toesters are made from a combination of the finest English and Merino wool blended with texturised Polypropylene.

- Features**
- 50% Wool/50% Polypropylene fabric
 - High density loop - for insulation and impact protection **1**
 - Medium density loop - for cushioning and warmth without excess bulk **2**
 - High wicking capability
 - Quick drying fabric
- Sizes**
- Long & Short
 - S 4-7½, M 8-9½, L 10+
- Colours**
- Grey Marl
- Availability**
- September 1993

Winter Sock

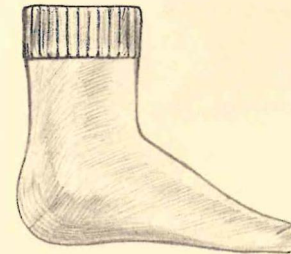

Designed for use with walking boots the Winter Sock is a blend of Wool, Acrylic and Nylon to provide optimum levels of warmth, durability and comfort.

- Features**
- 45% Wool, 45% Acrylic, 10% Nylon fabric
 - Terry loop inner for comfort and moisture dispersion
 - Flat stitched toe seam for minimum bulk and greater comfort
 - Closely woven outer to prevent snagging
- Sizes**
- 4-7, 7½-11
- Colours**
- Red, Green
- Availability**
- January 1994

New Thick and Thinny Sock Liners

Lightweight sock liners with thermal and wicking properties provide a simple and effective method of improving warmth and/or comfort. The Thickny Sock Liner is designed to provide greater thermal insulation for winter walkers, but it can also act as a single layer warm sock for cool weather activity. The Thinny Sock is made from a Tactel Micro yarn and offers increased comfort by actively transporting moisture away from the foot.

Thickny Sock

- Features**
- Winter weight walking sock liner
 - Flat stitched toe seam
 - 84% Meraklon, 16% Lycra fabric
- Sizes**
- One size fits all
- Colours**
- Navy, Green
- Availability**
- September 1993

Thinny Sock

- Features**
- Summer weight sock or shoe liner
 - Tactel Micro yarn for maximum comfort
 - Flat stitched toe seam for minimum bulk
 - Ideal for climbers, walkers and cyclists
- Sizes**
- 7½-11
- Colours**
- Navy
- Availability**
- September 1993

Tundragaiters

Probably the most durable rubber-randed gaiters available, providing water and snow protection for the lower leg.

- Features**
- 5.10 Rubber Rands
 - 3 Layer Gore-Tex fabric
- Sizes**
- S-26 inches; M-27 inches; L- 28 inches; XL-29 inches;

To find the correct size measure around the boots just above the welt and order the smaller size when in doubt.

- Colours**
- Blue, Black
- Availability**
- September 1993

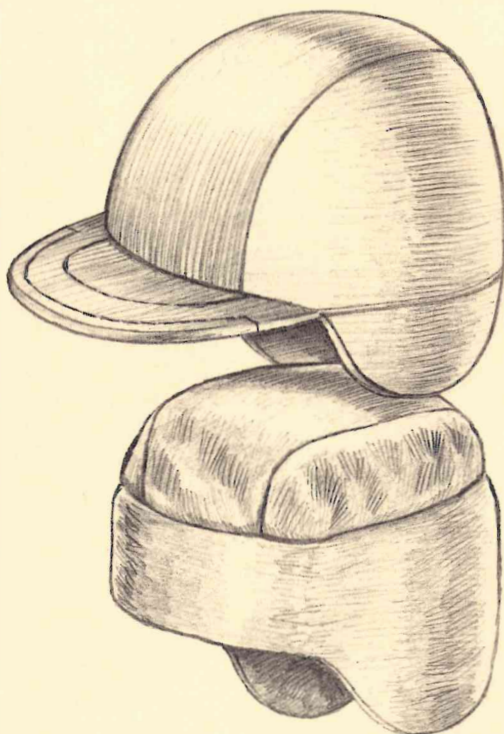

The new Ice Cap and Ice Berg, in the best tradition of layering systems, can be worn separately or together as conditions dictate. The Ice Cap is constructed from "Corplex", a mixture of Cordura and Supplex to form a very strong but supple fabric. The Iceberg fleece hat is designed to mould to the head making it ideal as a liner for the Ice Cap or under climbing helmets.

Ice Cap

- Features**
- Tough, supple, Corplex fabric
 - Wired peak for easy adjustment
 - Adjustable buckle for snug fit
 - Drop-down ear flaps for protection against cold winds
 - Windproof and showerproof
- Sizes**
- One size fits all
- Colours**
- Navy
- Availability**
- January 1994

Ice Berg

- Features**
- Designed to fit inside Ice Cap or climbing helmet
 - Warm, lightweight, fleece
 - High warmth to weight ratio
 - Lycra binding
- Sizes**
- One size fits all
- Colours**
- Red Marl, Forest Marl
- Availability**
- January 1994

Lightweight, high insulation clothing is an essential part of any climbing/mountaineering wardrobe. Extremities Fleece Headgear is designed to provide functional warmth and comfort worn by itself or layered under hoods or helmets.

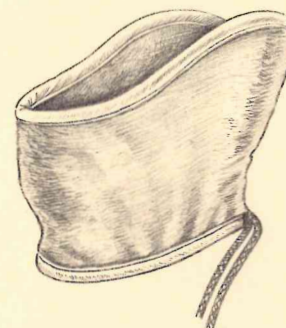

Iceband

- Features**
- Great for cool days when just the ears need protecting
 - High warmth to weight ratio fleece
 - Lycra binding for snug fit
 - Fast drying fabric
- Size**
- One size fits all
- Colours**
- Red Marl, Forest Marl, Navy

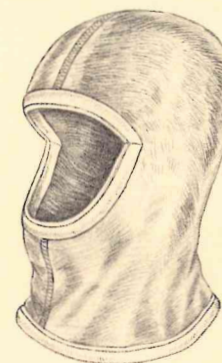

Ice Tube

- Features**
- Drawcord for sealing the neck or to convert into simple fleece hat
 - High warmth to weight ratio fleece
 - Lycra binding for snug fit
 - Fast drying fabric
- Colours**
- Red Marl, Forest Marl, Navy
- Sizes**
- One size fits all

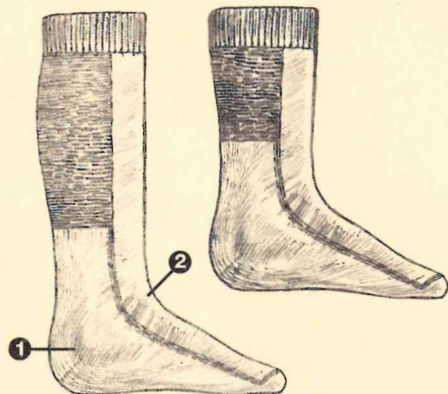

Igloo

- Features**
- Full face protection for the coldest days
 - High warmth to weight ratio fleece
 - Lycra binding for snug fit
 - Fast drying fabric
- Sizes**
- One size fits all
- Colour**
- Red Marl, Navy
